PROFILE

I'm Asmit Kumar Sah, a tech enthusiast with a profound passion for the Internet and IoT. My experience extends across various domains of web development, proficiency in HTML, CSS, JavaScript, and PHP, with a particular focus on WordPress.

My curiosity extends into the realm of Data Science, where I'm currently exploring Python and Django to broaden my skill set. This journey in the tech world has led me to undertake several freelancing projects in web development, further enriching my practical experience.
